REWARD!!

Many years ago when Jules Verne wrote "Twenty Thousand Leagues Under the Sea" everybody regarded it as impossible, yet we all know what has come to pass, not only with submarines but with the airplanes. Mother Shipton's prophecies, made centuries ago, seemed ridiculous, but they have all come to pass with the exception of the ending of the world. I consider that everything in the play "The Unknown Purple" at the Lyric Theatre, is possible in this age of progress and I enjoyed it from start to finish. It is one of the most interesting plays now before the public. (Signed) What Dimensional end of the start to finish. It is one of the force the public.
